# PAINT THE STAGE

**Colors are often used in song titles and lyrics to emphasize mood, deep emotion, and/or symbolism. Colors can make a scene aesthetically pleasing but most impactful is how they can make us feel.**

**We thought the more beauty we could put into one day, the better. So, this year, we're combining several art modalities, incorporating dance with color and song to give a show of performances that truly, Paint the Stage.**

**DCDC families and friends, thank you for your continued support. We hope you enjoy the show and have a joyful, restful summer!**

**Miss Desiree and Miss Kristin**
